

CSF 2016

WELCOME

Welcome to the fifth Compaction Simulation Forum. On behalf of all the Organizing Committee, I am excited that you have registered for the conference. For this year's forum, we have a great set of speakers scheduled and great events planned. It will be an excellent scientific program that includes the opportunity to meet scientists in various fields and with exceptional expertise. I hope you take advantage of the talks, welcome reception, poster presentation, cocktail reception and dinner. Attached you will find location details, agenda and contact information.

CONNECTING SCIENTISTS AND COMPRESSION TECHNOLOGY

CSF 2016

CSF 2017

The Compaction Simulator Forum was launched to connect scientists interested in compression technology and in particular the compaction simulation. This is an ever changing and developing area; we are pleased to announce the 6th annual forum to share the best of what this technology can achieve.
